

# U-Max<sup>®</sup> UX 39 2T/3T

Barrier Closure Protection

## U-MaxiGrip Industrial Zippers & Plastic Closures

Whatever you design or manufacture, U-MaxiGrip<sup>®</sup> Plastic Zippers offer a better way to make it open, close, and join together. The UMX 39 2-and-3-track is ideal for heavy-to-industrial strength duty top or vertical closure applications. It provides a perfect seal with virtually every plastic, woven or non-woven material.

Dry Storage Covers

Dry Bags

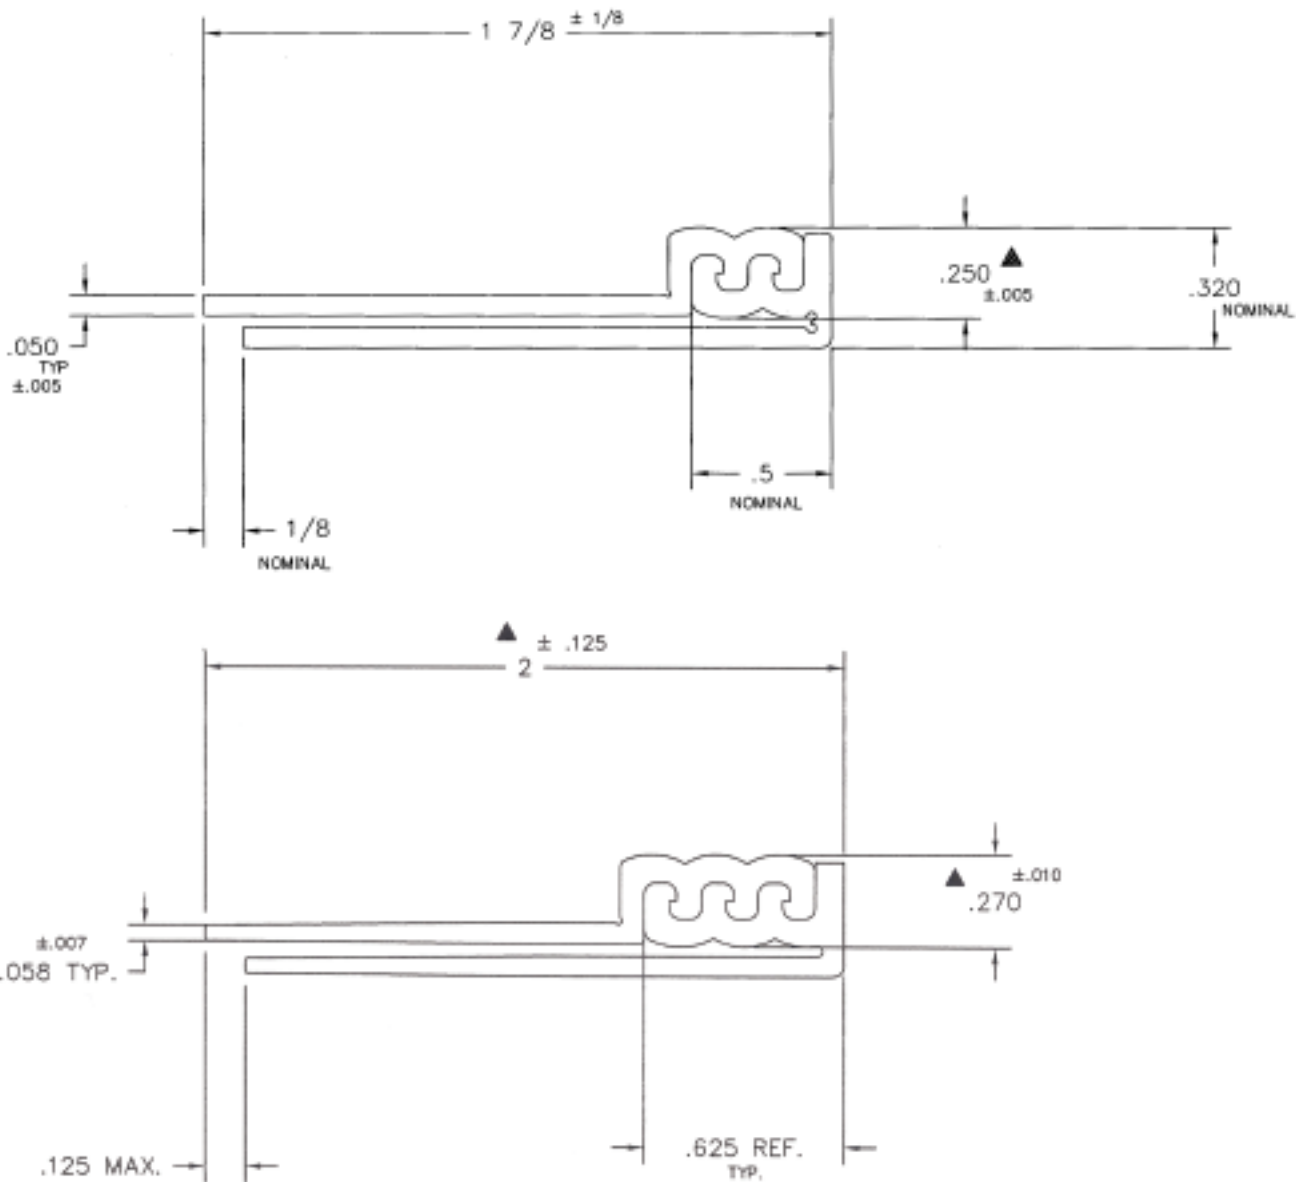

Pipe Insulation Covers

CLOSURE PROTECTION

## Product Drawings & Specifications

This sketch is for reference only. Dimensions vary according to raw material.

Pull strength varies with materials, durometer, and fullness of track teeth. We ask for your requirements to determine feasibility.

NOTE: Figures based on testing done on an Instron model 3343 based on 1 inch sample at 20 inches of travel per minute with a 100 pound load cell.
